OUR PANEL DISCUSSION WILL EXPLORE:

- Upcoming opportunities for companies, airlines, organizations and even individuals to invest in SAF through a SAF certificate system to reduce their carbon emissions from air travel and meet their climate goals.
- A preview of SABA’s sustainability framework that will ensure SAF investment meets high-integrity environmental standards to fuel a greener future of flight.
- Reflections from SABA’s founding companies on their motivation and experience to-date in supporting SAF to achieve their climate goals and lead the way toward net zero aviation.

AGENDA AND FEATURED SPEAKERS:

- Presentation on SABA’s Work to Decarbonize Aviation:
  - Kim Carnahan, Head of SABA Secretariat
  - Laura Hutchinson, Senior Associate, Climate-Aligned Industries, RMI
  - Anna Stratton, SAF Sustainability Expert, Environmental Defense Fund

MORE SPEAKERS TO-BE-ANNOUNCED

We hope you can join EDF, RMI, and SABA’s Founding Companies for a Climate Week discussion on our pathway to net zero aviation.
